

## **Dual Enrollment Program**

### **University of Oregon / LCC**

#### **What is Dual Enrollment?**

It is primarily a Financial Aid program for undergraduate students. Students who are in the program, and receiving financial aid, may take some courses at the UO and some at LCC, and combined, receive the financial aid level they would have received if all of the classes were at one institution.

The only other purpose for this program is so students may live on campus. Students must be enrolled in 12 credits or more to live on campus. Again, students in the Dual program may combine the credits they are taking at UO and LCC to bring to total to 12 credits or more to stay eligible to live in UO housing.

#### **Who should NOT be in the program?**

1. International Students. If international students want to take classes at UO and LCC, they need to go through the International Affairs office at the school that issued their I-20.
2. Students who are not receiving financial aid or living in UO housing. There is no benefit.
3. Students who are taking at least 12 credits at the UO. There is no reason to be formally admitted into the program. In many cases, being admitted into the Dual program may hurt these students.

#### **Scholarship Compatibility**

If a student is receiving one of these scholarships, they may not be eligible to be in the Dual program:

1. Pathway – only students who are no longer eligible for the financial award may participate.
2. Summit/Apex – Students have to take at least 12 UO credits to keep this award, no benefit to be in the Dual program
3. Dean's: Students may keep this scholarship, but UO will only pay for UO courses.

Please note that the UO Financial Aid and Scholarships office is looking at scholarship compatibility and the Dual Enrollment program, and may implement further restrictions.

#### **Home School/possible financial pitfalls**

Students who have earned 89 credits or fewer have their financial aid disbursed by LCC. UO will disburse financial aid to students who have earned 90 credits or more. LCC does not automatically offer unsubsidized loans to students/families, so it may be difficult for a student to pay for their expenses if they are in the Dual program and taking most of their classes at UO.

LCC cannot disburse financial aid for upper division classes, and UO cannot disburse financial aid for classes that will not go towards a UO bachelor's degree.

Students will need to make sure that their home school (based on the number of credits they have earned) has their FAFSA information.

#### **Credits**

There is not a minimum number of credits that Dually Enrollment students must take at UO or LCC. If Dual students take all of their classes at LCC, they will not have access to many UO student services (like the Rec CTR, Health CTR, athletic tickets), unless they pay the optional fee package. Students may contact me for more information about this.

Upper limits: UO will allow a student up to 270 attempted credits. We confirm each term with students that have 135 credits or more that they are on track for graduating. If the student does not respond, we place a financial aid hold on their account until they do.

**Deadlines**

**Application Deadlines:**

Fall term: 3 weeks before the term begins

All other terms: 2 weeks before the term begins

**Cancel deadline**

Friday of the first week of classes

We have a paper application for admission into the program. It can be found on the Admissions webpage: <http://admissions.uoregon.edu/freshmen/dualenrollment>

Students may submit the application in person, via email (to [uoadmit@uoregon.edu](mailto:uoadmit@uoregon.edu)) or fax it (541)346-5815. Students may cancel by sending an email to [uoadmit@uoregon.edu](mailto:uoadmit@uoregon.edu) indicating their name, UO ID number and the term that they would like the cancellation to take effect.
